As we come to grips with the economic and cultural consequences of globalization, where the gap between the rich and the poor has only widened, it feels timely to mine the depths of the rich biblical theme of stewardship and its missional implications, which include issues of solidarity with the poor, economic inequalities, theologies of wealth and prosperity, and personal lifestyles. Plenary speakers Ronald J. Sider, Fr. Benigno Beltran, and Debra Mumford, and a host of practitioners will inspire and facilitate us in conversations around stewardship, simplicity, and mission.

ALL ARE WELCOME!
